```
2 . * =====
3 . * ROBUSTNESS CHECKS FOR STATISTICAL RESULTS APPEARING IN CHAPTER 3
4 . * STATA Do file for Chapter 3
5 . * Robustness checks for results reported in Chapter 3
6 . * Author: Mark R. Beissinger
7 . * Date: January 2022
8 . * Princeton, NJ
9 . * =====
10 . * BEFORE RUNNING, YOU MUST SET THE DEFAULT PATH FOR WHERE THE DATA
11 . * FILES RESIDE
12 . * =====
13 . * The following datafile is used in this file:
14 . * Panel data for revolutionary episodes--revspredictbycntryyr.dta
15 . * =====
16 . * Before running, download the following packages for STATA:
17 . * firthingit from http://fmwww.bc.edu/RePEc/bocode/f
18 . * relogit from https://gking.harvard.edu/relogit
19 . * checkrob from http://fmwww.bc.edu/RePEc/bocode/c
20 . * qic (as discussed in https://www.stata-journal.com/article.html?article=st0126)
21 . * --install from http://www.stata-journal.com/software/sj8-1/
22 . * =====
```

```
23 . * The following output is produced by these robustness tests:
24 . * Robustnesstestfiles\Logfiles\robustnesstestschapter3.log
25 . *
26 . * In addition, the following graphs of imputed vs. observed observa-
27 . * tions were produced:
28 . * Robustnesstestfiles\Logfiles\mod4impobsunder5mortl.pdf
29 . * Robustnesstestfiles\Logfiles\mod4impobspercurbanl.pdf
30 . * Robustnesstestfiles\Logfiles\mod4impobstotalyrsschooll.pdf
31 . * Robustnesstestfiles\Logfiles\mod4impobsmilperthousl.pdf
32 . * Robustnesstestfiles\Logfiles\mod4impobsyouthpercl.pdf
33 . * Robustnesstestfiles\Logfiles\mod4impobstotradepernomgdp1.pdf
34 . * Robustnesstestfiles\Logfiles\mod4impobsIndollexchratel.pdf
35 . * Robustnesstestfiles\Logfiles\mod4impobsageinleader.pdf
36 . * Robustnesstestfiles\Logfiles\mod4impobslnmilexppersoldthl.pdf
37 . * These files have been combined into a single pdf version of the
38 . * output file, located in the Robustnesstestfiles\Outputfiles folder
39 . * In addition, the reworked output from the checkrob procedure run in this
40 . * chapter can be viewed in the Excel file checkrob.results.chapter3.xlsx,
41 . * also located in the Robustnesstestfiles\Outputfiles folder
42 . * =====
43 . *
44 . use revspredictbycntryyr.dta
```
